

1

The screenshot shows the Excel interface with the 'Einfügen' (Insert) ribbon selected. The active cell is A13, which contains the text 'MW'. The data in column A is as follows:

	A	B	C
1	Kugel		
2	16,00		
3	15,66		
4	16,30		
5	13,77		
6	13,11		
7	13,39		
8	13,22		
9	15,12		
10	12,63		
11	13,21		
12	MW		
13			
14			
15			

2

The screenshot shows the 'fx' (Function) menu open, with 'Mittelwert' (Average) selected. The data in column A is the same as in the previous screenshot.

3

The screenshot shows the formula bar containing the formula `=SUMME(A2:A12)`. The data in column A is the same as in the previous screenshots.

4

The screenshot shows the final result of the calculation, '14,24', displayed in cell B13. The data in column A is the same as in the previous screenshots.
